CLASS DESCRIPTIONS:

Active Adult – A low impact aerobic class geared for those that are just starting a fitness routine or are looking for a low intensity workout. This class is held in the shallow pool.

Aqua Workout – A faster paced low to medium impact class with 30 minutes of cardio & 30 minutes of wall work giving you a full body workout in the shallow pool. This class also uses kickboards. All levels are welcome!

Deep Water Workout – A moderately fast-paced deep warm-water, no-impact workout which provides excellent cardio and core conditioning while suspended with a flotation belt. Buoyancy resistance equipment is used to increase exercise intensity.

Healthy Joints – This is an endurance format class with continual traveling movement. Minimal resistance equipment is used to enhance joint stability, as recommended by the Arthritis Foundation for arthritis and fibromyalgia. You'll be suspended with a flotation belt while moving all your joints head to toe.

If you have any questions regarding classes please contact Vanessa Jackson at vjackson@ymcaoc.org or 949-722-3823.
