

CHILDCARE HEALTH CONSULTATION

Childcare Health Consultation

Our services are confidential and we do not diagnose.

- The Childcare Health Consultation Program is provided by the YMCA of Orange County's Community Services Division and made possible by funding from the Children & Families First Commission of Orange County.
- This resource helps to ensure that Orange County's children enter school healthy, developmentally on target, and ready to learn. This service is available to childcare providers, agency personnel, health professionals and parents, at no cost.

Our Promise

To keep programs open to all.

To keep that promise - to keep programs open to all - the YMCA of Orange County reaches out to members and supporters in the community to raise funds for financial assistance or to make programs available at little or no cost when needed.

Last year, the YMCA raised over \$1.7 million dollars that made over 1,600 scholarships available for all YMCA programs such as child care and camp, as well as allowing free and reduced fee programs in areas including teen leadership and afterschool enrichment.

In addition to our traditional services, the YMCA Community Services Division provides three core programs - Foster Care Mentoring - New Horizons - Y Inclusion - that reach out with special services to make sure that YMCA programs are there to serve the needs of those with the greatest needs in our communities. Thanks to your contributed funds to these programs, both volunteers and participants make our community kinder as well as stronger.

What is the CHC Program?

The YMCA Community Services Childcare Health Consultation Program provides no cost health, safety and behavioral support consultations, trainings and referrals to childcare providers and centers caring for children 0-5 years of age.

Our team of Behavioral Health Specialists provide their services via phone consultations, onsite observation and through community advocacy and linkages in English and Spanish. (We are confidential and do not diagnose)

CHILDCARE HEALTH CONSULTATION

The Role of our Behavioral Health Specialist

- The Behavioral Health Specialist provides consultation services and trainings on topics such as managing children with challenging behaviors, accommodating special needs, and strategies to support positive behavioral change.

Our services include:

- **Phone Consultations**
 We provide Behavioral Developmental Health information, resources, and referrals to childcare providers and parents.
- **On Site Child Observations**
 We offer an on site observation of the child's behavior in the childcare setting to help you develop an action plan to work more effectively with the child.

- **Staff/Provider Trainings (in services)**
 We will come to you! We provide trainings and workshops at your request on topics such as:
 - Managing children's challenging and aggressive behaviors
 - Effective communication with parents and children
 - Working with special needs children
 - Understanding Autism

- **On Site Program Observation**
 At your request, we will help develop and implement positive modifications to create the best environment possible for the children in your care.
