

207 deserving families in need will receive **\$132,500** in assistance.

My son was diagnosed with Autism at age 2. We have not been able to use a regular daycare until a year ago, because of his severe behaviors. The Y-Inclusion program has helped him fit in and become more accepted by his peers, it has protected him from the cruelty and bullying that was going on at the school. My son has a wonderful Aide who really enjoys and appreciates him. She compliments him, helps him to play with others, and encourages his creativity and interaction with others. Through this program, my son is learning to play with kids of all ages, taking part in sports activities on the playground and no longer being humiliated or bullied."

- Afterschool Parent

RESPECT

YMCA Community Services Programs

Y Inclusion

Children with special needs succeed in group care settings with specialized inclusion and family support services. Y Inclusion offers these exceptional kids the priceless experience of interacting with and being accepted by their peers while providing parents with the peace of mind their children can become healthy and happy members of the community.

New Horizons

Adults with developmental disabilities typically go through life feeling isolated and alone. New Horizons provides supervised recreational outings that offer social interaction, skill building, and life-long friendships for these exceptional individuals. While participants are having fun, their full-time caregivers are provided with the "time-off" they need to better care for their loved ones.

Foster Care Mentoring

Community volunteers provide hundreds of at-risk youth with fun activities and outings at monthly FUNDAYS, while providing a much needed break for the foster parents. For these children and families, our volunteers are our FACES OF HOPE, providing role models and the support they need to overcome their abusive past.

2010 YMCA of Orange County Partners Campaign Goals

The YMCA of Orange County is a non-profit, charitable organization that serves the entire community. Donations support our scholarship program and **Our Promise** - To strive to keep programs open for all.

2010 Partners Campaign

Afterschool Care

The YMCA of Orange County takes pride in the quality and accessibility of its afterschool programs; we believe all children and families, regardless of income, should have access to licensed and accredited programs. In California, 41% of children are without adult supervision after school. During these hours, youth are at a greater risk of involvement in crime, drug abuse and other destructive behaviors. We are committed to assisting families in need of a safe and engaging setting for their children while they are at work through our Partner's Campaign.

As the largest licensed provider of School Age Care in Orange County, the YMCA serves over 3500 children in afterschool programs.

caRING

250 families were served with **\$400,000** in assistance last year thanks to the generosity of Orange County community contributions.

"The YMCA also allows my child to participate in being a leader and teaching responsibility. We are thankful that the YMCA has turned out to be such a great program, as it has allowed us to work and feel comfortable about our child's care. I usually pick my child up pretty early on most days, but it never fails she's begging to stay longer...to me this is the best indicator of a great program!"

Supporting OUR PROMISE - to strive to

Honesty

"My daughter Anna was very fortunate to receive free swim lessons from the YMCA this past summer, which has really helped me financially. The wonderful swim instructors were able to work with Anna at her ability level. I would not be able to afford swim lessons if it wasn't for the YMCA and the generous community members who give to the YMCA's annual campaign.

Thank you so much!"
- YMCA Parent

Aquatics
The YMCA has long been known as America's Swim Instructor and our YMCA is no exception. Thanks to the support of the Partners fund, the YMCA is providing affordable swim lessons and swim team instruction for many youth in our area each year through partial and full scholarships. In addition to scholarships for youth in our facility aquatics program, the YMCA also offers learn to swim clinics for low income youth in our area free of charge. Youth and adults learn important water safety skills while improving physical fitness, self-discipline, and teamwork.

2010 Yorba Linda/Placentia Family YMCA Partners Campaign Goals

596 People in need will receive \$90,000 in assistance.

Program | Goal | Number Impacted

• **Membership | \$13,000 | 130**

Families can choose from a variety of opportunities to stay healthy, have fun, and spend time together including health & wellness programs, mind-body classes, youth sports, and family events.

• **Youth Development | \$30,000 | 160**

Students participate in activities including personal life skill development, college preparation, career awareness, and leadership development.

• **Youth Sports | \$2,000 | 36**

Youth learn the fundamentals of the sport and gain confidence, while having fun and learning important Character Values such as teamwork, responsibility, fairness, and respect.

• **Day Camp | \$20,000 | 46**

Youth enjoy field trips, arts & crafts, and sports.

• **Y Guides & Princesses | \$5,000 | 70**

Parents and children experience fun adventures together, building the foundation for a positive, life long relationship.

• **Aquatics | \$10,000 | 154**

Youth and adults learn important water safety skills while improving physical fitness, self-discipline, and teamwork.

The **Yorba Linda/Placentia Family YMCA** upholds the proud tradition of the YMCA and its mission of serving the community in high-quality programs that build healthy spirit, mind, and body for all. 100% of funds raised through the Partners Campaign go directly to children and families in the area to ensure that all community members have the opportunity to participate in YMCA programs.

Sponsor an Individual or Program
